## **INDEPENDENT AUDITORS' REVIEW REPORT**

The Board of Directors and Stockholders  
Nextlink Technology Co., Ltd.

### **Introduction**

We have reviewed the accompanying consolidated balance sheets of Nextlink Technology Co., Ltd. and its subsidiaries (collectively referred to as the “Group”) as of September 30, 2025 and 2024, the related consolidated statements of comprehensive income for the three months ended September 30, 2025 and 2024 and for the nine months ended September 30, 2025 and 2024, the consolidated statements of changes in equity and cash flows for the nine months then ended, and the related notes to the consolidated financial statements, including material accounting policy information (collectively referred to as the “consolidated financial statements”). Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Accounting Standard 34 “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

### **Scope of Review**

We conducted our reviews in accordance with the Standards on Review Engagements of the Republic of China 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our reviews, nothing has come to our attention that caused us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of the Group as of September 30, 2025 and 2024, its consolidated financial performance for the three months ended September 30, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the nine months ended September 30, 2025 and 2024 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Accounting Standard 34 “Interim Financial Reporting” endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' review report are Yung-Hsiang Chao and Yen-Chun Chen.

## **NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE NINE MONTHS ENDED SEPTEMBER 30, 2025 AND 2024 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)**

---

### **1. ORGANIZATION AND OPERATIONS**

Nextlink Technology Co., Ltd. (the “Company”) was established on October 13, 2006 with the approval of the competent authority. On June 23, 2015, the Company was renamed to Nextlink Technology Co., Ltd. The Company’s main businesses include data processing services, electronic information services and cloud services.

The Company applied to the Taipei Exchange (TPEX) for the public offering of its shares. The public offering registration became effective on August 29, 2023. The Company’s shares were approved by the TPEX to be traded on the Emerging Stock Board on January 9, 2024, and were approved to be listed on the TPEX on December 16, 2024.

The Company’s parent company is New Century Information Co., Ltd., which owned 58% and 64% of the Company’s shares as of September 30, 2025 and 2024, respectively. The Company’s ultimate parent company is Far Eastern New Century Corporation as of September 30, 2025 and 2024.

The consolidated financial statements are presented in New Taiwan dollars, the functional currency of the Company.

### **2. APPROVAL OF CONSOLIDATED FINANCIAL STATEMENTS**

The consolidated financial statements were approved by the board of directors of the Company on November 4, 2025.

### **3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS**

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the Financial Supervisory Commission (FSC)

The initial application of the IFRS Accounting Standards endorsed and issued into effect by the FSC did not have material impact on the accounting policies of the Company and its subsidiaries, collectively referred to as the “Group”.

- b. The IFRS Accounting Standards endorsed by the FSC for application starting from 2026

<b>New, Amended and Revised Standards and Interpretations</b>	<b>Effective Date Announced by IASB</b>
Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments”	January 1, 2026
Amendments to IFRS 9 and IFRS 7 “Contracts Referencing Nature-dependent Electricity”	January 1, 2026
Annual Improvements to IFRS Accounting Standards - Volume 11	January 1, 2026
IFRS 17 “Insurance Contracts” (including the 2020 and 2021 amendments to IFRS 17)	January 1, 2023

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact of the application of the amendments on the Group’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

- c. The IFRS Accounting Standards in issue but not yet endorsed and issued into effect by the FSC

<b>New, Amended and Revised Standards and Interpretations</b>	<b>Effective Date Announced by IASB (Note 1)</b>
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between an Investor and its Associate or Joint Venture”	To be determined by IASB
IFRS 18 “Presentation and Disclosure in Financial Statements”	January 1, 2027 (Note 2)
IFRS 19 “Subsidiaries without Public Accountability: Disclosures” (including the 2025 amendments to IFRS 19)	January 1, 2027

Note 1: Unless stated otherwise, the above IFRS Accounting Standards are effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: On September 25, 2025, the FSC announced that IFRS 18 will take effect starting from January 1, 2028. Domestic entities could elect to apply IFRS 18 for an earlier period after the endorsement of IFRS 18 by the FSC.

**IFRS 18 “Presentation and Disclosure in Financial Statements”**

IFRS 18 will supersede IAS 1 “Presentation of Financial Statements”. The main changes comprise:

- 1) Items of income and expenses included in the statement of profit or loss shall be classified into the operating, investing, financing, income taxes and discontinued operations categories.
- 2) The statement of profit or loss shall present totals and subtotals for operating profit or loss, profit or loss before financing and income taxes and profit or loss.
- 3) Provides guidance to enhance the requirements of aggregation and disaggregation: The Group shall identify the assets, liabilities, equity, income, expenses and cash flows that arise from individual transactions or other events and shall classify and aggregate them into groups based on shared characteristics, so as to result in the presentation in the primary financial statements of line items that have at least one similar characteristic. The Group shall disaggregate items with dissimilar characteristics in the primary financial statements and in the notes. The Group labels items as “other” only if it cannot find a more informative label.

- 4) Disclosures on Management-defined Performance Measures (MPMs): When in public communications outside financial statements and communicating to users of financial statements management's view of an aspect of the financial performance of the Group as a whole, the Group shall disclose related information about its MPMs in a single note to the financial statements, including the description of such measures, calculations, reconciliations to the subtotal or total specified by IFRS Accounting Standards and the income tax and non-controlling interests effects of related reconciliation items.

Except for the above impact, as of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the other impacts of the above amended standards and interpretations on the Group's financial position and financial performance and will disclose the relevant impact when the assessment is completed.

#### **4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION**

a. Statement of compliance

These interim consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IAS 34 "Interim Financial Reporting" as endorsed and issued into effect by the FSC. Disclosure information included in these interim consolidated financial statements is less than the disclosure information required in a complete set of annual consolidated financial statements.

b. Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for net defined benefit liabilities which are measured at the present value of the defined benefit obligation less the fair value of plan assets.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- 3) Level 3 inputs are unobservable inputs for an asset or liability.

c. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company (i.e., its subsidiaries).

Income and expenses of subsidiaries acquired or disposed of during the period are included in the consolidated statement of profit or loss and other comprehensive income from the effective dates of acquisitions up to the effective dates of disposals, as appropriate.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Company.

All intra-group transactions, balances, income and expenses are eliminated in full upon consolidation. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group’s ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the interests of the Group and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to the owners of the Company.

See Note 9, Schedules C and D for detailed information on subsidiaries, including percentages of ownership and main businesses.

d. Other material accounting policies

Except for the following, please refer to the consolidated financial statements for the year ended December 31, 2024.

1) Retirement benefits

Pension cost for an interim period is calculated on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior financial year, adjusted for significant market fluctuations since that time and for significant plan amendments, settlements, or other significant one-off events.

2) Income tax expense

Income tax expense represents the sum of the tax currently payable and deferred tax. Interim period income taxes are assessed on an annual basis and calculated by applying to an interim period’s pre-tax income the tax rate that would be applicable to expected total annual earnings.

## 5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The material accounting judgments and key sources of estimation uncertainty are the same as those applicable to the consolidated financial statements for the year ended December 31, 2024.

The Group's average credit period of sales of goods and the rendering of services is 60 days. No interest is charged on accounts receivable.

In order to minimize credit risk, the management of the Group has delegated a team responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of notes receivable and accounts receivable at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

The Group measures the loss allowance for all notes receivable and accounts receivable at an amount equal to lifetime expected credit losses (ECLs). The expected credit losses on notes receivable and accounts receivable are estimated using a provision matrix prepared by reference to the past default experience of the customer, the customer's current financial position, economic condition of the industry in which the customer operates, as well as the GDP forecasts and industry outlook. As the Group's historical credit loss experience does not show significantly different loss patterns for different customer segments, the provision for loss allowance based on the past due status is not further distinguished according to different customer base.

The Group writes off a note receivable or account receivable when there is evidence indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery of the receivable, e.g. when the debtor has been placed under liquidation. For notes receivable and accounts receivable that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

The following table details the loss allowance of notes receivable and accounts receivable based on the Group's provision matrix:

\* Such capital surplus may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to share capital (limited to a certain percentage of the Company's paid-in capital and to once a year).

c. Retained earnings and dividend policy

Under the dividends policy as set forth in the Company's Articles of Incorporation (the "Articles"), where the Company made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, and then, if there is any remaining profit, setting aside as legal reserve 10% of the net profit after tax plus the items other than the net profit after tax which are included in the current year's retained earnings, setting aside or reversing a special reserve. The remaining profit, after paying dividends and retaining portions for business needs, together with any undistributed retained earnings from previous years, shall be used by the Company's board of directors as the basis for proposing a distribution plan, which should be resolved in the stockholders' meeting for the distribution of dividends to stockholders.

For the policies on the distribution of compensation of employees and remuneration of directors, refer to compensation of employees and remuneration of directors in Note 16-d.

An appropriation of earnings to a legal reserve shall be made until the legal reserve equals the Company's paid-in capital. The legal reserve may be used to offset deficits. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's paid-in capital, the excess may be transferred to capital or distributed in cash.

The appropriations of earnings for 2024 and 2023 that had been resolved by the stockholders in their meetings on June 16, 2025 and June 17, 2024, respectively, were as follows:

	<b>For the Year Ended December 31</b>	
	<b>2024</b>	<b>2023</b>
Legal reserve	\$ <u>12,302</u>	\$ <u>9,033</u>

d. Compensation of employees and remuneration of directors

According to the Company's Articles, the Company accrues compensation of employees and remuneration of directors at rates of 1%-2% and no higher than 2%, respectively, of net profit before income tax, compensation of employees, and remuneration of directors. In accordance with the amendments to the Securities and Exchange Act in August 2024, the stockholders of the Company resolved the amendments to the Company's Articles at their 2025 general stockholders' meeting. The amendments explicitly stipulate the allocation of no less than 10% of the compensation of employees as compensation distributions for junior employees. The compensation of employees (including junior employees) and the remuneration of directors for the three months and nine months ended September 30, 2025 and 2024 are as follows:

Accrual rate

	<b>For the Nine Months Ended September 30</b>	
	<b>2025</b>	<b>2024</b>
Compensation of employees	1.00%	1.00%

## 18. EARNINGS PER SHARE

The earnings and weighted average number of common stock used in the calculation of earnings per share were as follows:

### Net Income for the Period

	For the Three Months Ended September 30		For the Nine Months Ended September 30	
	2025	2024	2025	2024
Net income attributable to the owners of the Company	<u>\$ 21,066</u>	<u>\$ 28,525</u>	<u>\$ 70,319</u>	<u>\$104,331</u>

(In Thousands of Shares)

	For the Three Months Ended September 30		For the Nine Months Ended September 30	
	2025	2024	2025	2024
Weighted average number of common stock used in the calculation of basic earnings per share	22,101	20,030	22,101	20,018

Employee share options	-	36	-	43
Compensation of employees	<u>7</u>	<u>8</u>	<u>9</u>	<u>10</u>
Weighted average number of common stock used in the calculation of diluted earnings per share	<u>22,108</u>	<u>20,074</u>	<u>22,110</u>	<u>20,071</u>

Since the Company offered to settle the compensation paid to employees in cash or stock, the Company assumed the entire amount of the compensation would be settled in stock and the resulting potential stock were included in the weighted average number of common stock outstanding used in the calculation of diluted earnings per share, if the effect was dilutive. Such dilutive effect of the potential stock was included in the calculation of diluted earnings per share until the number of stock to be distributed to employees is resolved in the following year.

## 19. SHARE-BASED PAYMENT ARRANGEMENTS

### Employee Share Option Plan

Grant Date	Number of Units Granted	Number of Shares Exercisable Per Unit	Term of Validity	Vesting Period of Share Options	Percentage of Share Options Exercisable (%)
2023.05	212,500	1 share	19 months	After 15 days	20
				After 12 months	60
				After 18 months	100
2023.05	867,000	1 share	1.5 months	After 15 days	100

The Company's board of directors resolved to issue employee share options in July 2022. The Company granted 1,079,500 options in May 2023 to employees of the Company and its subsidiaries who meet specific criteria. Each option entitles the holder with the right to subscribe for one ordinary share of the Company. The options granted are valid for 0.1 to 1.6 years and exercisable at certain percentages after 15 days from the grant date. The options were granted at an exercise price not lower than the net asset value per share according to the latest financial statements audited and certified by an accountant at the grant date. When employees exercise their share options, it will be done through the issuance of ordinary shares. For any subsequent changes in the Company's paid-in capital, the exercise price is adjusted accordingly.

Information on employee share options was as follows:

	For the Nine Months Ended September 30			
	2025		2024	
	Number of Options	Weighted-average Exercise Price (\$)	Number of Options	Weighted-average Exercise Price (\$)

## 21. FINANCIAL INSTRUMENTS

### a. Fair value of financial instruments that are not measured at fair value

The key management of the Group believes that the carrying amounts of financial assets and financial liabilities not measured at fair value approximate their fair values, or their fair values cannot be reliably measured.

b. Categories of financial instruments

	September 30, 2025	December 31, 2024	September 30, 2024
<u>Financial assets</u>			
Financial assets at amortized cost (Note 1)	\$ 1,523,296	\$ 1,500,856	\$ 1,217,676
<u>Financial liabilities</u>			
Financial liabilities at amortized cost (Note 2)	746,772	666,730	651,407

Note 1: The balances include financial assets at amortized cost, which comprise cash and cash equivalents, notes receivable, accounts receivable (including related parties), other receivables, refundable deposits, and other financial assets.

Note 2: The balances include financial liabilities at amortized cost, which comprise accounts payable (including related parties), other payables (including related parties), and guarantee deposits received.

c. Financial risk management objectives and policies

The Group's major financial instruments include cash and cash equivalents, notes receivable, accounts receivable, other receivables, other financial assets, refundable deposits, accounts payable, other payables, and guarantee deposits received. The Group's corporate treasury function provides services to the business, coordinates access to domestic and international financial markets, and monitors and manages the financial risks relating to the operations of the Group through internal risk reports that analyse exposures by degree and magnitude of risks. These risks include market risk (including foreign currency risk and interest rate risk), credit risk and liquidity risk.

1) Market risk

The Group's activities expose it primarily to the financial risks of changes in foreign currency exchange rates (see Note (a) below) and interest rates (see Note (b) below).

a) Foreign currency risk

The Group engages in foreign currency-denominated sales and purchases, which expose the Group to foreign currency risk. The Group does not engage in derivative financial instrument transactions for speculative purposes.

The carrying amounts of the Group's foreign currency-denominated monetary assets and monetary liabilities at the end of the period are set out in Note 25.

Sensitivity analysis

The Group was mainly exposed to the U.S. dollar.

The following table details the Group's sensitivity to a 3% increase and decrease in the New Taiwan dollar (NTD) against the U.S. dollar. The sensitivity analysis includes only outstanding foreign currency-denominated monetary items, for which their translation at the end of the reporting period is adjusted for a 3% change in foreign currency rates. The positive number shown in the currency impact table below indicates an increase in pre-tax profit associated with the NTD strengthening 3% against the U.S. dollar. For a 3% weakening of the NTD against the U.S. dollar, there would be an equal and opposite impact on pre-tax profit, and the balances below would be negative.

	<b>USD Impact</b>	
	<b>For the Nine Months Ended</b>	
	<b>September 30</b>	
	<b>2025</b>	<b>2024</b>
Profit or loss*	<u>\$ 3,873</u>	<u>\$ 2,783</u>

\* The result was mainly attributable to the exposure on outstanding demand deposits, receivables, payables and guarantee deposits received in USD that were not hedged at the end of the period.

b) Interest rate risk

The Group is exposed to interest rate risk because entities in the Group hold financial assets and financial liabilities with floating interest rates. The Group's management monitors changes in market interest rates on a periodic basis and adjusts the positions of floating-rate financial assets and liabilities to align the Group's interest rates with market rates, in order to manage the risks arising from fluctuations in market interest rates.

The carrying amounts of the Group's financial assets and financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

	<b>September 30, 2025</b>	<b>December 31, 2024</b>	<b>September 30, 2024</b>
Fair value interest rate risk			
Financial assets	\$ 48,581	\$ 106,118	\$ 136,115
Financial liabilities	67,906	34,576	35,864
Cash flow interest rate risk			
Financial assets	582,062	623,437	371,607

Sensitivity analysis

The sensitivity analysis below was determined based on the Group's exposure to interest rates for both derivative and non-derivative instruments at the end of the period. For floating rate assets and liabilities, the analysis was prepared assuming the amount of each asset and liability outstanding at the end of the period was outstanding for the whole period. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

If interest rates had been 50 basis points higher and all other variables were held constant, the Group's pre-tax profit for the nine months ended September 30, 2025 and 2024 would have increased by \$2,183 thousand and \$1,394 thousand, respectively, which was mainly a result of the exposure from variable-rate deposits and borrowings.

## 2) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations, resulting in a financial loss to the Group. As at the end of the reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to the failure of the counterparties to discharge their obligation arises from the carrying amounts of the respective recognized financial assets as stated in the consolidated balance sheets.

The Group has a policy of dealing only with creditworthy counterparties, and, when necessary, obtains sufficient collateral to mitigate the financial loss risks arising from defaults. The Group assesses the creditworthiness of key customers based on public and non-public financial information, as well as transaction records. The Group continuously monitors credit exposure and the credit ratings of counterparties, and diversifies the total transaction amounts among customers with qualified credit ratings.

In order to minimize credit risk, the management of the Group has delegated a team responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of receivables at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

Apart from the customers listed below, the Group did not have significant credit risk exposure to any single counterparty or any group of counterparties with similar characteristics. The notes receivable and accounts receivable (including related parties) from customers with receivables accounting for more than 10% of the Group's total receivables amounted to \$132,371 thousand, \$100,044 thousand and \$0 thousand, representing 15%, 13% and 0% of the Group's total receivables, as of September 30, 2025, December 31, 2024 and September 30, 2024, respectively.

## 3) Liquidity risk

The Group manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, the management monitors the utilization of bank borrowings and ensures compliance with loan covenants.

The Group relies on bank borrowings as a significant source of liquidity. The Group's unutilized overdraft and bank loan facilities amounted to \$340,000 thousand, \$90,000 thousand, and \$90,000 thousand as of September 30, 2025, December 31, 2024 and September 30, 2024, respectively.

The following table details the Group's maturity of financial liabilities based on undiscounted contractual payments including interest. The following table does not include the financial liabilities with carrying amounts that approximate contractual cash flows:

	<b>Carrying Amount</b>	<b>Contractual Cash Flows</b>	<b>Within 1 Year</b>	<b>1-5 Years</b>	<b>More than 5 Years</b>

## 27. SEGMENT INFORMATION

### Information by Product and Service

The information provided to the Group's chief operating decision maker in order to allocate resources to the segments and assess their performance focuses on the type of goods or services delivered or provided. According to IFRS 8 "Operating Segments," the Group is organized and managed as a single operating segment, with resources allocated on a company-wide basis. The Group's operating activities are related to cloud services, from which the revenue accounts for more than 90% of the Group's total revenue. Therefore, the Group reports only one operating segment with profit and loss, assets, and liabilities information consistent with those stated in the consolidated financial statements.
